

ESTIMATING TRANSPORT COST

We ship EcoCocon wall elements worldwide.

The approximate cost of transport for one lorry depends on the location, date and other transport-specific information.

A standard lorry can usually carry around 140 m² of EcoCocon panels or 130 m² when accompanied by wood fibre boards and clay plaster. There are larger lorries that can take up to 170 m² of panels. These cost approximately 250 EUR ex. VAT more.

If your country is not listed or if your construction site is not accessible by a lorry, please contact your local partner for more information.
